## WORK EXPERIENCE

Nov 2017 – Present

**Social Media Evaluator at Leapforce**

- Worked for a range of clients that have a large online presence.
- Helped improve the newsfeed for a leading global social media platform.
- Required me to clearly express my thoughts and suggestions to clients on a daily basis.

July 2013 – July 2014

**Junior Mechanical Engineer at E3 Consulting Engineers**

*Bath, United Kingdom*

- Helped produce creative and rigorous engineering solutions for building designs.
- Communicated clearly issues and potential solutions with members of closely-knit design teams over a range of projects.
- During my time here, I taught myself the new and exciting building software Revit to produce higher quality building designs.
- Worked on a range of projects such as the Old Vic Theatre, Polish Embassy London and Hereford Archive building.

## EDUCATION

Oct 2011 – Dec 2016

**University of Bath**

**MEng Aerospace Engineering with Industrial Placement, 2:2**

*Bath, United Kingdom*

- Greatly enjoyed using LaTeX, a document markup language which I used to write and render high quality and visually appealing engineering reports.
- Took a large interest in Matlab, a programming language that I used to solve engineering problems and output custom graphs using scripts and functions.
- Required a desire for constantly learning new principles and theory as well as the ability to break down large complex engineering problems into smaller workable problems.

2006 – 2011

**St Christopher's School**

*Isa Town, Bahrain*

**A Levels :**

<b>A*</b>	Spanish
<b>A</b>	Maths, Physics & Chemistry
<b>B</b>	AS Business Studies

**GCSE's:** **10 GCSE's** including an A in DT Graphics

## SKILLS AND INTERESTS

- Acquired the Front-End Developer certificate (400 hours) from freeCodeCamp.
- I have dedicated my time post-graduation towards my passion of web development, teaching myself HTML, CSS and JavaScript using online resources and books.
- My interests include music production, drumming, videogames and science & technology.
